

BEYOND KITCHENS

MODERN VIBRANCE

ELEGANT AND FUNCTIONAL

The featured kitchen was built by Beyond Kitchens and designed by award-winning designer David Ellwood, of Design & Decorate WA. Featuring clean, modern lines and hidden lighting, the kitchen is an entertainer's delight and a focal point for the open plan lounge.

The bright orange splashback gives the perfect colour "pop" for the neutral gloss finished cabinetry and sleek architectural lines, which all combine to give the kitchen a "wow" factor, especially in the evening when the colours and lighting create a soft ambience.

Another exceptional element of the kitchen is the waterfall edge to the toffee-coloured stone benchtop, which perfectly complements the kitchen's sleek finishes and bright colour scheme. There's no doubt, the kitchen is another beautiful job from Beyond Kitchens.
